

# GET KIDS INTO SURVEY®

with Geo Ginger & Professor Topo

DID YOU KNOW THAT SURVEYORS UTILIZE A COOL TOOL CALLED **GROUND PENETRATING RADAR (GPR)** TO "**SEE**" THINGS UNDERGROUND? IN WITH THE WORMS AND TUNNELS ARE VARIOUS CITY UTILITIES AND CABLES. CAN YOU FIND THE SURVEYOR AND HER YELLOW "**LAWN MOWER**" UNIT?

DID YOU KNOW THAT SURVEYORS USE **VIRTUAL REALITY TECH** IN THEIR JOB? SPOT THE SURVEYORS IN THE UNDERGROUND, THROUGH THEIR **HEADSETS** THEY CAN SEE WHERE THE NEW STAIRCASE WILL BE POSITIONED ON THE PLATFORM.

**FIND IT...**

1. Did you know that without a surveyor, cities wouldn't be built? Can you spot all the surveyors in New York?
2. There are 3 different types of survey targets around the city. What do you think they are used for and can you find them all?
3. Something has happened to Lady Liberty's torch? It is now a GNSS unit and collects data from dozens of satellites in space. Can you spot the other surveyors using GNSS equipment?
4. Surveyors use laser scanners to make 3D models of buildings. Can you spot the surveyor using a laser scanner to survey an old church?
5. Hydrographic surveyors use GNSS, sonar and LIDAR technology in their work to locate features above and below water. Can you find the TWO teams performing hydrographic surveys?
6. Did you know surveyors use high-tech equipment to keep an eye on buildings in cities so that they don't collapse? This is called Monitoring. Can you spot the equipment used for it? (Clue: Look on the top of the buildings)
7. Did you know surveying is one of the few professions that allow you to fly. Drones in the cities? Can you spot the different ones in New York City?
